Enhance by Natural Compatibles

Enhance by Natural Compatibles

Each product in the Enhance by Natural Compatibles range has not been tested on animals and contains the finest quality ingredients including minerals, sunscreen, [essential](#) oils, Vitamin E and skin conditioning emollients.

Affordably priced, Enhance by Natural Compatibles offers Australian women affordably priced, quality liquid foundations, eye shadows, lip colours, blushes and bronzers.

Lips

The allure of your lips conveys a message... a [message](#) of confidence, beauty and vitality. Through the correct application of Lip Pencil, Lip Filler Pencil and Lipstick you can create an appearance that enhances your natural beauty in four easy and achievable steps.

Lip Pencil: Enhance by Natural Compatibles Lip Pencil, the ultimate lip definer with palm kernel glycerides and coconut oil to prevent bleeding, delivers a semi-matte [definition](#) to your natural lip shape. Use to maintain or restore a natural youthful lip line.

Application: For a longer lasting lipstick and more Feature Focussed™ look use a dark shade of lip pencil to outline your lips, starting with cupid's bow and continue the pencil line completely around the lip line.

Lip Pencils available in 8 shades. RRP \$17.00

Lip Filler Pencil: Choose a warm or cool nude lip pencil to fill in the lips, which acts as a base for longer lasting lips.

Application: Fill in the lips with the same or a lighter shade of lip pencil before applying lipstick. Begin inside the defining line, gently smudging backwards and forwards using short feathery strokes. Then place the lip pencil on the side and lightly fill in the entire lip area.

Lipstick: Enhance by Natural Compatibles range of lipsticks provides you with silky smooth lips and long-lasting colour in unique shades of plums, roses, nudes, soft peaches, fuchsia and more. Enhance by Natural Compatibles range of lipsticks helps to maintain and restore youthful, feminine lips and detracts from lines and ageing around the mouth area while creating an illusion of whiter teeth and an even [skin](#) tone.

Application: Apply lipstick using a lip brush. A lip brush enables you to apply your lipstick with precision and give your lips that professional finish.

Concept Lipsticks available in 14 shades, RRP \$28.00. Natural Lipstick available in 3 shades, RRP \$28.00. Elite Lipstick available in 7 shades, RRP \$35.00

The result: beautifully sculptured lips that will last all day and night with moisturising agents of essential lavender oil, Vitamin E and SPF 7+.

Long Lasting Lips

For full, colour enriched lips that will last all day and night follow Enhance by Natural Compatibles 4 step lip application guide:

1. Lip Pencil: For a longer lasting lipstick and more Feature Focussed™ look use a dark shade of lip pencil to outline your lips, starting with cupid's bow and continue the pencil line completely around the lip line.
Concept Lipstick Pencils available in 5 shades. RRP \$17.00
2. Lip Filler Pencil: Fill in the lips with the same or a lighter shade of pencil before applying lipstick. This provides a base for long lasting lips. Begin inside the defining line, gently smudging backwards and forwards using short feathery strokes. Then place the pencil on the side and lightly fill in the entire lip area.
3. Lipstick: Apply lipstick using a lip brush. A lip brush enables you to apply your lipstick with precision and give your lips that professional finish.
Concept Lipsticks available in 14 shades. RRP \$28.00 Elite Lipstick available in 7 shades. RRP \$35.00
4. Lipseal: Keep your lips looking radiant from day to night with Enhance by Natural Compatibles Lipseal. Enriched with Vitamin E Lipseal locks in lip colour for hours and hours. Prevents lipstick from smudging, fading or bleeding, ensuring a long lasting flawless finish. Apply liberal coat of Lipseal to lips after applying lip pencil and lipstick. Allow to dry with lips apart for 60 seconds.
Lipseal RRP \$20.00

Wet Dry Foundation

Enhance by Natural Compatibles Wet & Dry Foundation is Natural Compatibles best selling product as customers love its flexible coverage. With its creamy and smooth touch, it creates the perfect natural oil free look, which will last all day.

This fantastic product protects the skin against moisture loss and is enriched with minerals and emollients.

Wet & Dry Foundation contains the most natural sun block ingredients available - titanium and zinc oxide. It is suitable for all skin types, especially oily to normal skin. The smooth natural finish will last all day in even the most humid climates.

Packaged in a convenient and elegant purse sized reusable compact Wet & Dry Foundation is an essential make-up accessory for every woman. Available in three shades, RRP \$ 49.00

Application of Wet & Dry Foundation

Application wet: Using a slightly damp wedge sponge press roll onto the skin to those areas requiring coverage or can be applied to the entire face including the upper lid area.

Application dry: Using a dry sponge press roll into the skin, and It's a sheer coverage powder, perfect to set any liquid foundation.
