PERFECT CANVAS

Create the perfect canvas with **DermaQuest DermaMinerals Buildable Coverage Pressed Mineral Powder SPF15**. Mattifying minerals combat shine while zinc oxide provides non-greasy sun-protection. With the added skin-caring benefits of dermasyll peptide to help restore hydration and minimise the appearance of fine lines and pores and sea minerals with trace elements, green tea and chamomile extracts to help soothe the skin and improve barrier function.

BREATH OF FRESH AIR

For long-lasting coverage that won't clog pores, **DermaQuest DermaMinerals** has the answer. **Breathable Coverage Mineral Foundation SPF 30** is enriched with antioxidants and available in ten shades. Active ingredients: zinc oxide and titanium dioxide act as natural sunscreens, "EpiRepair" complex helps soothe skin, kombucha extract smoothes the appearance of fine lines and wrinkles and BV-OSC, said to be a highly-pure form of rapidly penetrating vitamin C works as a powerful antioxidant.

BRILLIANT DISGUISE

Enhance by Natural Compatibles Applishade shimmering eye shadow blends perfectly to focus attention on your eyes' natural colour and beauty and camouflage any unflattering complexion undertones. Available in a range of shimmering from dusty pinks to silvers, purples and natural nudes, the spring-loaded action ensures the applicator is always colour ready. The eye shadow can be used as a soft eyeliner, to contour or highlight eyelids, to contour cheeks, define brows and add highlight to the Cupid's bow.

PERFECT POUT

Enhance by Natural Compatibles has added two shades to their **Elite Lipstick** collection. **Chestnut** and **Dusky Rose** replace Plum and Peach and give long-lasting beautiful, smooth and iridescent lips. Skin-conditioning vitamin E moisturising while SPF 7+ helps protect against the elements and essential lavender oil provides added benefits.
